

FLEXI COMPLETE

3M Traffic™ Edition

SAi's FLEXI COMPLETE Authorized 3M Traffic Edition is the total solution for creating compliant traffic signage.

Available in 1/3/5 year Term-Licenses that get you continual updates to stay compliant with the latest color formulations and profiles!

POWERFUL PRODUCTION

Run two wide-format printers at once and manage print, print-and-cut, or direct-to-vinyl jobs from one streamlined workflow—fully optimized to power your HP 730/830W printer. Get precise on-screen previews, maximize media with intelligent nesting, and save time by automating repeat jobs with powerful presets.

STREAMLINED DESIGN & PREP

Design and prepare jobs faster with a complete set of bitmap, vector, text, and effects tools—all directly inside Production Manager. Scale, tile, color-correct, add contour cuts, run variable data with auto-serialization, and ensure accurate color matching backed by 3M's MCS warranty.

ADD MUTCD LIBRARY

Create USDOT-compliant street and highway signage using all MUTCD templates, correct typefaces, Bézier-based vector artwork, and accurate FHWA and Clearview font collections. Delivered as downloadable EPS or .FS libraries, everything is precision-designed for flawless color accuracy and reliable sign manufacturing.
