FLEXI® PRODUCT LEVELS

FLEXI COMPLETE

SAi Flexi Complete is the only all-in-one design, print and cut software for sign and print providers. With nearly 3 out of 4 shops using it, Flexi is the industry-standard for sign-specific design tools, RIP software, print-and-cut software, and direct vinyl cutting.

- **Powerful 64-Bit RIP**
- **Apply Contour Cuts & Weedlines in seconds**
- **Intuitive Nesting**
- **Advanced Color Management**

FLEXI DESIGN

SAi Flexi DESIGN is the leading design software in the sign and print industry. Unlike other design software, Flexi DESIGN was created from the ground up for the sign and print industry which means it includes unique tools that make every aspect of designing, job preparation and production faster.

- **Powerful Vector Design**
- **Advanced Text Tools**
- **Material Saving Technology**
- **Convenient Color Management**

FLEXI DESIGN IS AVAILABLE FOR BOTH PC & MAC OS

FLEXI DTF PRO

Revolutionize your DTF & DTG Workflow - Smooth gradients, clean transparencies, and sharp white ink have always been a headache in DTF and DTG. Flexi® DTF Pro changes that. It's effortless to get the results your customers demand, without the time-consuming steps or guesswork.

Achieve natural shadows, fades, and semi-transparent effects with a single RIP setting. No grayscale conversions. No masking.

- **Easy to Use Interface**
- **Versatile White Ink Workflow**
- **Color Knockout and Halftoning**
- **Material Saving Technology**
